Alexander Technique: Original Writings of F.M.Alexander ...

The Alexander Technique, named after its creator Frederick Matthias Alexander, is an educational process that was created to retrain habitual patterns of movement and posture. Alexander believed that poor habits in posture and movement damaged spatial self-awareness as well as health, and that movement efficiency could support overall physical well-being. He saw the technique as a mental training technique as well. Alexander began developing his technique's principles in the 1890s in an attempt
