HOW TO MAKE A WIG FOR BEGINNERS FRIENDLY

You can make a quick, inexpensive wig for a costume using a balloon, hair net, wefts of hair, and glue. Inflate the balloon and use it as a dummy head. Place the hair net over the balloon and glue the hair onto it. Trim away unwanted portions when done.

5 Ways to Make a Wig - wikiHow

Do be mindful to use wig products specifically made to treat either synthetic hair or human hair processed for wigs or hair extensions. It is a different hair with unique needs. Follow regular care instruction but be gentle. Do keep your natural hair smooth and flat underneath and covered with a wig cap. Mesh caps are a bit cooler but nylon will keep short curly hair flat a little more effectively.

With a little practice, you'll be able to sew neat, even wefts with a narrow seam. With these wefts, you can thicken up a wig that's too thin, create hair extensions or spice up your wig with colorful highlights and tips. Find more styling tips in my book, "Wigs² - Level Up!" And make sure to read my quick guide on wefts and extensions:

Wefting: How to Sew Your Own Wefts - Wigs 101 by Kukkil-san

And just in case you don't believe me, I've rounded up a list of 15 human hair wigs that will make you feel like you're walking in slow motion with a cool breeze running through your strands.

Best Human Hair Wigs for Wind-In-Your-Hair Realness ...

Making a wig is very similar to how a rug is made, which probably owes to the nickname. This part is started with a ventilating needle. These come in different sizes, which are determined by the amount of strands you want in each knot (meaning, how full or flat do you want your wig?).

Making a Wig: How are Wigs Made? | Wigs Unlimited

Machine-made wigs are fabricated by weaving hair into wefts (hair shafts that are woven together at one end into a long strip). These can be sewn in rows to a net foundation. When the hair is disturbed, by blowing wind for example, the foundation shows through the hair. Thus, such wigs are
