Investigations In Number Data And

Investigations in Numbers, Data, and Space is a K-5 mathematics curriculum, developed at TERC in Cambridge, Massachusetts, United States. The curriculum is often referred to as Investigations or simply TERC. Patterned after the NCTM standards for mathematics, it is among the most widely used of the new reform mathematics curricula. As opposed to referring to textbooks and having teachers impose methods for solving arithmetic problems, the TERC program uses a constructivist approach that ...

Investigations 3 Common Core - Savvas Learning Company

Investigations in jails can be particularly challenging because of rapid turnover of inmates and crowding. The number of contacts in close proximity to a patient/inmate can be large. Contacts who are transferred, released, or paroled from a correctional facility before being evaluated for COVID-19 should be traced.
